# ABOUT.

**Danny is a 29-year-old pop-rock singer-songwriter from Berlin who is currently based in Cologne. At the early age of 12, he discovered his passion for busking, which still holds a strong influence on his musical style today. His songs have been described as authentic and honest storytelling, dealing with subjects like pursuing one's own dreams and the self-doubt that goes with that journey. Musically, he's influenced by greats such as Coldplay, John Mayer and Ed Sheeran.**

# ABCUT.

– In 2020, during the second lockdown in Germany, he played a Germany-wide arena tour without an audience, that was streamed live on Instagram @danny.officialmusic, to highlight the hardship that artists faced during the pandemic.

As a busker, he has toured all over Germany and performed in many iconic cities worldwide:

**USA:** New York, Los Angeles, Chicago, Seattle, San Francisco
